TOLEDO, O., Dec. 5.—William J, Murray, father of Dr. S. B. Murray, a leading physician here, died last evening after fasting forty-seven days. The old gentleman—he was four score years took it in his head seven weeks ago but to eat. The neighbors did not take his condition seriously, but when days and Secks past they became alarmed. Mr. Murray stoutly persisted in his determination, and all efforts to give him food were in vain. He became greatly emacinted toward the last, but did not suffer any pain, and his end was quite peaceful. Saleide by Starving.

This majority rule, which provides the results at a succeeding convention, will speedily result in an election. NEW YORK, Dec. 5.-Peter Maher, Take champion heavy-weight of the world, and Robert Fitzsimmons, champion mid-dle-weight of the world, were matched a Peep this morning to fight to a finish near El Paso, Texas, between February 11th and February 15th. The details were arranged at a meeting between Dan Stuart, of Texas, representative of Fitzsimmons, and John J. Quinn, manager for Maher, held at St. James Hotel to-day. Stuart held at St. James Hotel to-day. Stuart was empowered to make the match for Fitzsimmons and as Quinn was anxious for the contest, arrangements were completed without difficulty. The purse to be fought for will be \$20.00. When "Dan" Stuart arrived here a few days ago, to arrange the match between Corbett and Fitzsimmons, he stated that he had a battleground selected within five miles of El Paso. It is said to be on Mexican soil.

ERNE AND DIXON BOX.

The Negro's Flerce Rushes Did Him No Good—The Fight a Draw.

NEW YORK, Dee, 5.—Frank Erne, of Buffalo, proved himself one of the clevarest boxers in his class in the country by boxing a ten-round bout with the famous colored feather-weight, George Dixon, before the New Manhattan Athleite Club tonight. It was one of the best battles ever seen in this vicinity, and was a dean and scientific exhibition throughout. Although Dixon's style did not at times, meet with the approval of the spectators, the decision was eminently fair. The Buffalo had fought well, not only with his hands, but with head-work, and Dixon's cyclonic rushes, which have proved too much for most of the men he has met, proved with very few excentions futile, owing to the quick and clever clusive methods of his opponent.

When it came to fighting Erne was quife a match for his formidable antaxonist, and justified his rights as a fast and hard hitter.

A draw was decidred at the end of the tenth round. Good-The Fight a Draw.

The Newport News Company Still Has a Chance to Get Two.

WASHINGTON, D. C., Dec. 5.—Socretary Herbert has concluded to hear representatives of the competing bidders of the battleships, for building which proposals were recently opened, before awarding the contracts.

The plans prepared by the Union Iron-Works, of San Francisco, and the Cramp Commany, of Philadelphia, upon which bids were made by those two concerns, are receiving examination and analysis by the board who will pass upon the entire matter, and upon whose decisions and examinations the contract is likely to be lowest. ralf-Gallon Glass Pitchers for Glass Fruit Stands for Glass Butter and Sugar Dishes, new shapes Glass Pickle Dishes for New shapes in Glass Creamers for Large Glass Goldets for Dolls, with bisque heads and cloth beddes
